

## Fun Facts about the rink:

Opened in 1997

The building is 29,500 sq.ft. (give or take a foot)

In 2002 the Skate Court floor was installed over the wooden floor. This is new technology in skating floors which is safer. Best for hockey and roller skating.

We have a Youth Roller Hockey league called Voodoo and a general Adult Roller League. We also have a regional hockey team. X-Treme Wheels sponsors the Chicago Roller Snakes Pro Hockey Club!

Other clubs such as Baseball, Soccer and Field Hockey use the rink for practice or games.

Our snack bar has all the usual concession foods, Pizza, Hot dogs, Soft Pretzels, Nacho's, Cotton Candy, etc. We've recently added "Alligator Ice" as a refreshing slushy ice drink and Lezza's Italian Ice as a cool treat !!

The snack bar area seats over 96 people.

There are 5 different birthday / private party rooms.

The Fun Shop has various light up objects that look "cool" during the Dark light specials.

There is an Arcade area for additional fun!

Free WiFi for anybody who wants to surf.

DJ's are available during sessions to take your requests.

We only play censored music during open family sessions.

All events are ADULT Supervised!

And we have our "spookie" unknown resident "Mr. Van Winkle" (nicknamed by our staff) who likes to hang out around our Skate rental area after hours. He's been spotted by most of the staff who work alone.

Perhaps when it's dark and quiet, you might just get a chance to meet him.....
